

Hello!

We hope everyone is having a great summer so far. As a reminder, in the midst of all the summer fun the students must remember how important it is to read as often as they can. Let's keep those brains sharp! Students should read their required book(s) and at least two additional books – preferably one fiction and one nonfiction. Hopefully, our scholars will read a few more than their required books. Have a wonderful summer – and read, read, read!
